## *one year* Anniversary

Speakfire is an open -mic hosted and founded by Tony Daniels. The event is sponsored by the Black lesbian and gay poets society .

This space, while clearly defined in it's inception, is open to all people regardless of race, or sexual orientation. "This space had to be created for our survival, and our sanity. Our voices are so often unwelcomed, and no matter how comfortable we are in our skins, we are always threatened by something; racism, misogyny, homophobia, fear and oppression." This month we celebrate our 1yr anniversary , and It seems like it was just a few months ago that we started this event with a few eager poets and their friends and significant others. In one year Speakfire has taken on a form shaped by the community from which it evolved. We have had performance artist, puppeteers, vocalist, dancers, novelist , published authors promoting their work and always "poets". We are thankful to everyone who has been a part of this labor of love, and take this opportunity to invite you back to the MIC again on our anniversary.

Come ,dress comfortably and please fell free to just lay back and relax, you're among family. Close your eyes, snuggle up with your partner, buddy, friend, lover, date. Kick your shoes off, be yourself. When you like what you hear, snap your fingers, say "word", or "ashe", clap your hands, make some noise. Do whatever you feel good doing to acknowledge the creativity our sisters and brothers bring us. We look forward to the challenges yet to come, and we look to the past to inspire us to participate even greater in our future Come, bring Jah love.

Be there March 21st.
Peace and Blessings

"The establishment of the Atlanta Lambda Community Center is truly an exciting project for the Gay and Lesbian community of metropolitan Atlanta. The Lambda Center will provide a central meeting place for local organizations. Plus, it will act as a center for social events for the community at large. Atlanta has one of the most diverse Gay and Lesbian communities in the nation."

Cynthia McKinney
Member of Congress

"The Office of Lesbian/Gay/Bisexual Life at Emory University wishes to express strong support for the proposed Lambda Community Center in Atlanta.... We feel that our community in Atlanta has long needed such a large, centralized space. It will facilitate communication and cohesion within the community and will allow groups to expand the range of services they provide."

Saralyn Chestnut
Director, Emory University Office of Lesbian/Gay/Bisexual Life

"Southern Country Atlanta is pleased to endorse the formation of the Atlanta Lambda Community Center, Inc. It is our opinion that any and all organizations which provide support and facilities for the local gay and lesbian community are welcome and much needed."

Hans Kreigsman
1993 President, Southern Country Atlanta

"As an organization, we fully support the Atlanta Lambda Community Center and look forward to a time when we can be under one roof with otherlocal organizations striving for community unity and strength."

Kenneth A. Johnson
Black and White Men Together/Atlanta

"At pesent, Women of Wisdom is in need of meeting space to accomodate 25-30 people on a monthly basis. To accomodate our long-term goals, the creation of the Lambda Community Center would be ideal. We need a centrally located safe, accessible space for meetings and social gatherings, and office space to provide planning and delivery of services to gay and lesbian elders. Women of Wisdom will be happy to provide all the help we can in making the Lambda Community Center a reality."

Marsha Bond
Women of Wisdom

"As members of the gay and lesbian community in Atlanta and as small business owners, we recognize the need for a gay and lesbian community center in our city. It is a definite void in the services that are offered in our city.... At Maddix, we are committed to doing our part to insure that the vision of the Lambda Community Center becomes a reality."
